THE WEBSITE APPLICATION
DEVELOPMENT TEAM
Mon 1:30 to 3:30pm, Online,
Team Lead: Jim Turner

As web professionals we
develop web applications using
current technologies to learn
and explore. We have found that
active involvement in projects
enhances our members'
opportunities for new roles or
new challenges. All are welcome
if they have an interest in Web
Application Development.

Projects:
Musicians Manager

LARAVEL - Experimental
version
PHP - Live version with a real-
world customer
MEAN Stack - Experimental
version
TSSG.TECH website
development
